# SUPER-WIDE FIELD OF VIEW FOR SMALL SPACES.

## Logitech MeetUp

Logitech® MeetUp is a premier ConferenceCam designed for small conference rooms and huddle rooms. With a room capturing, super-wide 120° field of view, MeetUp makes every seat at the table clearly visible. Motorized pan/tilt widens FOV even further: up to 170°. A low-distortion Logitech-engineered lens, Ultra HD 4K optics, and three camera presets deliver remarkable video quality and further enhance face-to-face collaboration.

MeetUp's integrated audio is optimized for huddle room acoustics and delivers an exceptional sound experience. Three horizontally-aimed beamforming mics and a custom-tuned speaker help ensure your meetings sound as great as they look. Humans have evolved to associate human voices with their visible images. MeetUp's front-of-room

audio provides an intuitive and coherent listening experience.

With a compact all-in-one design that minimizes cable clutter, MeetUp is USB plug-and-play and simply works right out of the box with any video conferencing software application and cloud service—including the ones you already use.

## FEATURES & BENEFITS

### Super-wide 120° field of view

Widest field of view of any Logitech video conferencing solution allows everyone in the room to be seen, even those close to the camera or seated at the edges of the room.

### Ultra HD 4K image sensor

Supports multiple resolutions, including 4K (Ultra HD)<sup>1</sup> 1080p (Full HD) and 720p (HD) to best support the quality offered by your application and monitor.

### 3-microphones and custom-tuned speaker

Three broadside beamforming, omni-directional microphones with noise and echo cancellation—plus a custom-tuned speaker—are specifically optimized for small conference rooms. Mics are Microsoft® Cortana® certified for precision with voice commands with any Windows® 10 system.

### Razor-sharp optics

Enhance face-to-face collaboration to the next best thing to physically being there. Advanced Logitech lens technology delivers remarkable video quality with superb resolution, speed, fluidity, color balance, and detail.

### 5x HD zoom

Zero in on close-ups of objects and whiteboard content with outstanding detail and clarity.

### Motorized pan/tilt

Expand your field of view even further—up to 170°—to pan to the white board or view other areas of interest.

### 3 camera presets

Select up to three preset locations for the camera view and return to any of them with the push of a button on the remote control.

### Bluetooth® wireless technology

Connect to a Bluetooth device for great-sounding audio calls.

### Expansion microphone-ready

Optional expansion microphone increases conversational radius in larger huddle rooms.

### All-in-one design

Compact all-in-one form factor takes up less space and minimizes cable clutter.

### RF remote control

Easily operate camera pan/tilt/zoom functions during meetings.

### Certified for Business

Business-grade certifications<sup>2</sup> mean you can launch your next presentation or video meeting with complete confidence.

### Plug-and-play USB connectivity

Easily connects to PC, Mac® and Chrome™ devices with no additional software required.

### Works with most video conferencing applications

Compatible with virtually any video conferencing software app, including the ones you already use.

### Multiple mounting options

Freedom to mount MeetUp wherever it works best—tabletop, wall, or monitor—for the best possible huddle room experience.

### Kensington® security slot

MeetUp is provisioned with a Kensington security slot to help secure the equipment with an anti-theft lock.

## CERTIFICATIONS

Certified for Skype® for Business, Cisco Jabber™ compatible<sup>3</sup>, Windows, Mac, Microsoft Cortana certified

## DATA SHEET **LOGITECH TAP**

Deliver one-touch join, calendar integration, instant content sharing, and a consistent experience across meeting rooms. With a sleek design, silent operation, and motion sensor for always-on readiness, Tap brings ease and convenience to video collaboration.

### **MEETING ROOM TOUCH CONTROLLER FOR VIDEO CONFERENCING ROOM SOLUTIONS**

More than just a meeting room touch controller, Logitech Tap is what helps you achieve a consistent user experience across your entire deployment.

Boasting a spacious 10.1" touchscreen, low-profile enclosure, and multiple mounting accessories, Logitech Tap delivers a sleek appearance and convenient placement options that support a wide range of room sizes and layouts. And, with its HDMI input, content sharing is instant and effortless. Wireless content sharing is also available depending on your chosen video conferencing service.

- 1 One-touch join:** Easily start and join meetings with just one tap.
- 2 10.1" touch display:** Spacious and responsive touch screen resists fingerprints and glare for high legibility and easy operation.
- 3 Sleek, low profile:** Comfortable 14° angle allows for easy viewing, while providing an unobtrusive presence in the room.
- 4 Always-on readiness:** Built-in motion sensor saves power when idle, and powers on when a person approaches.
- 5 Headphone jack:** Extends the host computer's wired audio capabilities to the tabletop, ideal for private conversations and for the hearing-impaired.
- 6 Dual cable exits:** A sturdy metal cover with removable bottom and rear exits keep cables tidy and secure.
- 7 Clean cable management:** Built-in cable retention and strain relief system hides the cable entirely within its enclosure, and secures it to prevent unwanted disconnections.
- 8 USB accessory port:** Connect an accessory such as a USB speakerphone.
- 9 HDMI input for content sharing:** Provides instant wired content sharing when used with Google Meet™, Microsoft Teams Rooms™, and Zoom Rooms™.
- 10 Anti-theft protection:** Keep Tap securely in place by connecting a security cable to one of Tap's two Kensington lock slots, one on the bottom and another at the back.

## ENTERPRISE READY

### Clean Installation

Flexible cabling lets you locate Tap near participants for convenient operation while installing the host computer in a cabinet, beneath a table, or behind a display.

### Multiple Mounting Options

Secure Tap flat to the table, raise the viewing angle, or mount it on the wall to conserve space, minimize cabling, and optimize the user experience.

## ROOM SOLUTIONS WITH LOGITECH TAP

Easily deploy video meetings with pre-configured Logitech room solutions for Google Meet™ and Microsoft Teams™, which include everything you need - Tap, a conference camera or video bar, and PC compute - to start building meeting rooms of virtually any shape or size.

### Find Your Perfect Match

Tap works seamlessly with Logitech's lineup of PC-based video bars and modular systems for small, medium, and large rooms.

### Laptop Link for Meeting Rooms

Add bring-your-own-device versatility with Logitech Swytch, a convenient way to use the room's display and conference camera with any video meeting or webinar application.
